

## Care Instructions

**Light:** Place in indirect sunlight & near AC. Monitor the condensation cycle.

**Water:** Mist when the soil feels dry to the touch.

**Trim:** Prune excess growth and propagate if you wish!

**Clean:** Use a paper towel to wipe the glass for a clear view.

**Air:** Open the lid for 5-10 minutes daily to allow ventilation. If you forget, no worries! It's designed for easy upkeep.

## Terms & Conditions

**Plant Replacement Guarantee:** If the plants in your Samriddhi Terrarium begin to show signs of deterioration within 7 days from the date of purchase, please contact us immediately.

**Exemptions:** The guarantee does not apply if the terrarium has been

- Placed in direct sunlight
- Kept in a non-air-conditioned room
- The jar has been left open for more than 05-10 minutes
- Any owner-related damage, such as breaking the jar or mishandling the plants or items inside.

These conditions may affect the longevity and health of the plants and other components.

**Post 7-Day Replacement:** If any component of the terrarium (plants, jar, statue, etc.) requires replacement

after the 7-day period, we are happy to assist. However, charges will apply for:

- Time
- Delivery
- Replacement of plants, jar, statue, or any other item

**Care Instructions:** To ensure the longevity of your Samriddhi Terrarium, please follow the care guide

tips provided at the time of purchase. If you have any further questions about how to care for your terrarium, feel free to contact us for guidance.
